BOURNE GROUP HOME CONTRACT COMPLIANCE MONITORING REVIEW

The Department of Children and Family Services (DCFS) Out-of-Home Care Management Division (OHCMD) conducted a review of Bourne Group Home (the Group Home) in February 2013. The Group Home has two sites located in the Fifth Supervisorial District and provides services to County of Los Angeles DCFS foster children and Probation youth. According to the Group Home's program statement, its purpose is to "serve court dependent, abused, neglected, and emotionally disturbed male children."

The Group Home has two six-bed sites and is licensed to serve a capacity of 12 males, ages 13 through 18. At the time of review, the Group Home served 12 placed DCFS children. The placed children's overall average length of placement was 11 months, and their average age was 16.

SUMMARY

During OHCMD's review, the interviewed children generally reported: feeling safe at the Group Home; having been provided with good care and appropriate services; being comfortable in their environment and treated with respect and dignity.

The Group Home was in full compliance with seven of 10 areas of our Contract compliance review: Education and Workforce Readiness; Health and Medical Needs; Psychotropic Medication; Personal Rights and Social/Emotional Well-Being; Personal Needs/Survival and Economic Well-Being; Discharged Children; and Personnel Records.

OHCMD noted deficiencies in the areas of Licensure/Contract Requirements, related to the maintenance of vehicles and Community Care Licensing citations; Facility and Environment, related to the maintenance of common areas; and Maintenance of Required

"To Enrich Lives Through Effective and Caring Services"

Documentation and Service Delivery, related to the development of comprehensive updated Needs and Services Plans. The OHCMD Monitor instructed the Group Home supervisory staff to ensure compliance with licensing requirements and to enhance monitoring and provide training to eliminate documentation issues.

Attached are the details of our review.

REVIEW OF REPORT

On April 3, 2013, the DCFS OHCMD Monitor, Edward Preer, held an Exit Conference with the Group Home representatives, Tim Tucker, Executive Director; Darleen Ramsey, Administrative Assistant, and Samuel Gonzalez, Social Worker. The Group Home representatives agreed with the review findings and recommendations; were receptive to implementing systemic changes to improve compliance with regulatory standards; and agreed to address the noted deficiencies in a Corrective Action Plan (CAP).

A copy of this compliance report has been sent to the Auditor-Controller and Community Care Licensing.

The Group Home provided the attached approved CAP addressing the recommendations noted in this compliance report.

OHCMD will assess for implementation of recommendations during our next monitoring review.

**BOURNE GROUP HOME
CONTRACT COMPLIANCE MONITORING REVIEW
FISCAL YEAR 2012-2013**

SCOPE OF REVIEW

The following report is based on a “point in time” monitoring visit. This compliance report addressed findings noted during the February 2013 review. The purpose of this review was to assess Bourne Group Home’s (The Group Home) compliance with its County contract and State regulations and included a review of the Group Home’s program statement, as well as internal administrative policies and procedures. The monitoring review covered the following 10 areas:

- Licensure/Contract Requirements,
- Facility and Environment,
- Maintenance of Required Documentation and Service Delivery,
- Educational and Workforce Readiness,
- Health and Medical Needs,
- Psychotropic Medication,
- Personal Rights and Social Emotional Well-Being,
- Personal Needs/Survival and Economic Well-Being,
- Discharged Children, and
- Personnel Records.

For the purpose of this review, five placed children were selected for the sample. The Out-of-Home Care Management Division (OHCMD) Monitor interviewed each child and reviewed their case files to assess the care and services they received. Additionally, three discharged children’s files were reviewed to assess the Group Home’s compliance with permanency efforts. At the time of the review, three sampled children were prescribed psychotropic medication. Their case files were reviewed to assess for timeliness of Psychotropic Medication Authorizations and to confirm the required documentation of psychiatric monitoring.

OHCMD reviewed three group home staff files for compliance with Title 22 Regulations and County contract requirements, and site visits were conducted to assess the provision of quality of care and supervision.

CONTRACTUAL COMPLIANCE

OHCMD found the following three areas out of compliance.

Licensure/Contract Requirements

- Community Care Licensing (CCL) had cited the Group Home-Monterosa site on October 12, 2012. The staff’s shower ceiling was damaged due to a water leak. The Group Home repaired the water leak and the shower ceiling. On October 31, 2012, CCL cleared the deficiency and approved the Plan of Correction.

- The vehicle used to transport the children, a 2005 Suburban Sports Utility Vehicle (SUV), had four balding tires, and the tread was low. On March 13, 2013, the Group Home purchased four new tires for the SUV and submitted verification to OHCMD. The Group Home agreed to provide an approved CAP that will improve monitoring and recording of the vehicle's maintenance in the vehicle maintenance log.

Recommendation

The Group Home's management shall ensure that:

1. The facility vehicles used to transport children are properly maintained.
2. The facility is in compliance with Title 22 Regulations and County contract requirements.

Facility and Environment

- During the interview with the OHCMD Monitor, one child placed at the San Kofa site reported that his bedroom was cold. The Monitor immediately addressed this with the Group Home's Administration. On March 22, 2013, the Group Home had the furnace serviced. The Group Home provided copies of the service order invoice. It was noted that low airflow was coming from the unit. The filter was replaced and there was improved airflow from the vents throughout the Group Home.

Recommendation

The Group Home's management shall ensure that:

3. All common areas, including appliances, are maintained in good working order.

Maintenance of Required Documentation and Service Delivery

In January 2012, the Group Home's representatives attended the OHCMD's Needs and Services Plan (NSP) training for providers. It was noted that all of the initial NSPs and all updated NSPs reviewed were developed post the OHCMD NSP training. All NSPs were developed timely.

- Nine updated NSPs were reviewed; one was not comprehensive. The updated NSP did not address the Children's Social Worker's (CSW) and Deputy Probation Officer's (DPO) contact with the child. Further, the Group Home staffs' efforts to contact the CSW/DPO were not addressed. The Group Home representatives agreed that all required elements were not included in the updated NSP. The Group Home's Social Worker (SW) reported the issues not addressed were an oversight, and they will take corrective actions to ensure the development of comprehensive NSPs.

The Monitor reviewed the NSP training template with the Group Home representatives. The Group Home will enhance monitoring of the NSPs. The Group Home SW, School Liaison and Administrative Assistant will meet monthly to ensure all required elements of the NSP's are addressed.

Recommendations

The Group Home's management shall ensure that:

4. Comprehensive updated NSPs are developed and include all required elements in accordance with the NSP template.

PRIOR YEAR FOLLOW-UP FROM DCFS OHCMD's GROUP HOME CONTRACT COMPLIANCE MONITORING REVIEW

The OHCMD's last compliance report, dated May 9, 2012, identified no recommendations.
